8 December 1967

Dr. Donald H. Steininger
Office of Science and Technology
Room 283
Executive Office Building

Dear Don:

Herewith is a copy of a letter from Dick Helms to Al Flax which has to do with the establishment of a steering group to monitor planning and stimulate necessary studies in the NRP. As you can see, this group is designed as advisory to the Director of the NRO but would also serve to keep the DCI and Dr. Hornig informed of developments, problems and progress in the solution of problems in the NRO area generally. If you have any thoughts or suggestions, please let me know.

Sincerely,

787 John A. Bross
